TO INFINITY

BUT PERHAPS
NOT BEYOND

INFINITY

BY RICHMOND FURNITURE

FREEDOM TO CHOOSE

Infinity by Richmond Furniture was first established in 1987 and has proudly serviced the Build To Rent & High Rise Residential sectors since our conception. The provision of high quality furniture backed by solid service foundations – that's what we do.

Our Infinity brand by Richmond Furniture is made right here in the United Kingdom. We manufacture in our very own, highly invested facility in Glossop, a small market town in the Borough of High Peak, Derbyshire.

Let Us Help You Breathe

Whilst we understand the importance of developing a range of furniture that both looks good and performs magnificently. We also understand our clients require a service that supports our great products, that's why:

- We have a dedicated Infinity service team to support you
- Our Contract and Project Management team are specialists on fast moving, demanding time sensitive projects
- We offer access to qualified installation teams who have great experience of similar sized projects

Experience Matters

Why not take advantage of our 35 years of experience, we believe experience matters. It is critical in complex and demanding high volume projects that your supplier has a history of successfully completing on time and to the agreed standards. Our team of experts in procurement are masters of manufacturing and logistic capacity planning who ensure this is the case.

Bespoke As Standard

There are no restrictions to Infinity, enjoy the freedom to choose. Create designs bespoke to your requirements. Select colour and finishes that reflect your unique identity or that of your specific project. Bespoke is also cost effective, creating modules that fit precisely to the available room size. Our bespoke offer is more than just the furniture we offer but also the service we provide. A service designed around your specific needs, one that satisfies all of your performance criteria.

The Importance Of Buying British

As a UK manufacturer we provide security of supply ensuring no risk of delays to your important build schedule. In recent times we have seen the significant impact of delayed supply from Europe and beyond.

We understand the importance of security relating to the price offered and indeed our ability to maintain for the duration of the project. Manufacturing in the UK reduces our exposure to import tariffs and currency variations and helps with price stability.

Partnerships That Work

We benefit from long standing relationships with all of our key material suppliers safeguarding availability and supply.

We Lead The Way With Lead Times

Like all good quality providers we will look to understand as early as possible if we have secured your project. This allows all of the necessary product set up and advanced procurement to ensure the project runs to plan. Once set up you will enjoy industry best lead times:

Full Furniture Rooms – Order Wednesday Week 1 – Delivered Week 4
Remedial Premier Service – Report Week 1 – Delivered Week 2
Remedial Premier Plus Service – Report Day 1 – Delivered Day 3

RENAKER

YOU WAIT ALL
DAY FOR A
TOWER

THEN
FOUR
COME
ALL AT
ONCE

Renaker established in 2006 focus on city centre brownfield regeneration, efficiently delivering spacious, high-quality homes with desirable amenities. These new aspirational neighbourhoods provide the opportunity for people to live, enjoy and thrive.

Deansgate Square is Renaker's biggest project to date comprising 1,508 spacious, luxury apartments across four towers with an unrivalled level of residential amenity. Manchester's premier development has magnificently transformed the city skyline. The Square features a mixture of carefully curated local and independent restaurants, bars and shops, and has been designed to bring life to the square and surrounding area and perfectly situated to overlook the River Medlock.

Infinity by Richmond Furniture

proudly supplied all of the kitchen and bathroom furniture to this prestigious development. Our relationship with Renaker originated in 2017 and we continue to enjoy their trust today as one of their preferred suppliers on current and future projects.

RISE

TO THE OCCASION

RISE Homes are a top residential property developer who specialise in high quality rental accommodation and the development of sustainable buildings, incorporating renewable features such as PV panels, battery storage, living walls, zinc roofs and several renewable distinct heating systems.

Their latest project, the Ironworks, comprises a new ten storey build-to-rent scheme on the site of the former Queens Hotel on Scotland Street, Sheffield. Developed by RISE Homes and constructed by Clegg Construction, the scheme comprises 229 one and two bed luxury furnished apartments.

Richmond Furniture worked closely with Joy Rawlings of Rise Homes on the design and specification of the wardrobes and Infinity kitchen furniture for this development.

“I am pleased to be working with Richmond again at the Ironworks. Their attention to detail and our close working partnership ensures that we maximise the potential of each development. Nothing is too much trouble and the quality and flexibility of product ranges afford me plenty of scope to find exactly what I am looking for.”

Joy Rawlings | Creative Director | Rise Homes

RANGE AVAILABILITY

Infinity is all about freedom of choice. So when it comes to your projects, you don't need to compromise on design and quality. We have an unrivalled selection of decors available on melamine-faced chipboard (MFC), Melamine Faced Medium Density Fibreboard (MFMDf) or laminate.

All of the decors shown are supplied by EGGER UK. As one of the leading wood-based material manufacturers, EGGER are fully aware of their responsibility towards the environment and society. A world leader who responsibly source all of their materials and have the accreditation to prove it.

The feel of a surface is increasingly important, which is why we have extended our range to include ST19, ST20 and ST32. The development of these new textures make our woodgrain and material decors even more realistic.

Our decors are split into groups of whites, uni colours, material reproductions and wood reproductions.
