BY RICHMOND FURNITURE

original collection

35 YEARS OF DOING WHAT WE SAY WE WILL

Richmond Furniture & Regency were established in 1987, having proudly serviced the Private Developer Sector from our conception. What we are all about is simple – the provision of high quality kitchens backed by solid service foundations.

Many housebuilders have benefited greatly from both our product and service over the years. The Regency brand by Richmond is a range of excellent furniture, designed to exacting standards and built to perfection right here in the United Kingdom. All goods are manufactured in our well-invested production facility in Glossop, a picturesque market town in the borough of High Peak, Derbyshire.

EXPERIENCE MATTERS – SO TAKE ADVANTAGE OF OURS

We know what you need. We understand the importance of developing a range of furniture that looks good and performs to the highest standard. We also appreciate our private developer clients require a service that supports these quality products – a service designed around the client's needs, to satisfy all of their specific performance criteria.

With Richmond Furniture, you will benefit from:

- Our full design and estimating support team.
- Our dedicated Regency service team to provide all the support you will ever need.
- Our remarkably short lead times for both full kitchens and replacement goods.
- Our manufacturing capability. We manufacture around 80% of the sales of our Regency Original Collection, and we understand service control is critical.
- Our industry specific delivery services, designed by our customers to suit our customers.

THE WORLD OF FURNITURE IS RESHAPING

REGENCY

BY RICHMOND FURNITURE

Our Regency brand of furniture is uniquely provided with handles (Original), near handleless (Vicino) or handleless (London Linear). Every range and colour offered within our portfolio suits each of these solutions so you will be spoilt for choice.

We have a number of cabinet and drawer offers to choose from, allowing you to work comfortably within your budget, whilst still achieving the kitchen of your dreams.

CALGARY PG3

FRONTAL MATCHED GABLES

DISTRESSED TO DRESS

The striking Calgary series holds life like knots, with tactile veins running through its grain to recreate a natural, authentic look so close to real wood. A popular decor for both kitchens and living room furniture, the range pairs sensationally with modern materials such as metal, glass and stone. These effects also combine with any of our solid decors. Until touching this feel-wood product, its palpably rich character cannot be appreciated.

WARMWOOD

The Premier Deluxe Collection delivers on aesthetic, practicality and value. Things just got a little bit more exciting with our recently launched blend of exotic stones, marbles and wood laminates, no further words required. All upstands are 100mm high with a 9mm square edged design.

PG4 The 38mm Square Edged Premier Plus Collection

If you are looking for something a little more luxurious, then consider our 38mm Square Edged Premier Plus Collection. We offer a mix of exotic woods and marbles designed around the latest on-trend colour palettes. Let our 38mm square edge designs add a little drama to your kitchen design. The range that adds inspiration to your new kitchen space. All upstands are 100mm high with a 20mm post formed design.

PG5 The 22mm Square Edged Premier Collection

Our 22mm slim line square edge selections create a wonderfully linear look. Choose our luxury marble designs to help personalise and enhance the most lived in room in your beautiful home. All upstands are 100mm high and 20mm post formed design.

SELECTION PROCESS

We appreciate that a small image or standard sample on occasions may not properly represent a full work surfaces length. Marbles are particularly challenging so on this page, we have shown our Beaulieu Dontello surface with 3 highlighted possible standard sample sizes cut from the full surface length. Depending on the sample you receive, it can impact your perception of what you will receive in the full length surface.

To help you with this, we have all of our Premier Deluxe Surface Collection images available in full length images should you require these.

COMPACT LAMINATE SURFACES

Compact laminate surfaces provide any kitchen with a sleek and stylish finish, just 12.5mm in depth with square radius.

Available in a range of stone and marble look textures, a compact laminate surface will add the finishing touch for breathtaking impact.

Besides being beautifully contemporary, these surfaces are hardwearing and easy to maintain, perfect for well loved kitchens with years of use guaranteed.

FRONTAL MATCHED When we use the term 'Frontal Matched' gables, this explains that the sides of your units will be manufactured from the same material as the kitchen door creating a 100% match.

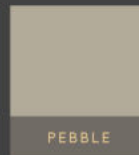

COLOUR MATCHED When we use the term 'Colour Matched' gables, this explains that the sides of your units will NOT be manufactured from the same material as the kitchen door but in a substitute material, usually a melamine faced chipboard to the best available colour match but not the finish of the door. Consult Richmond for samples to approve.
