Let us share a little about **Richmond Furniture**.

With over 35 years experience working in partnership with the UK's Private Developers, Trade Merchants, Public Sector Clients, Purpose Built Student Accommodation Providers, Built To Rent Specialists and Retailers – you are in safe hands.

We are a privately owned British manufacturer of fitted furniture. We manufacture right here in the UK from our 90,000 square foot facility in Hadfield, Derbyshire, some 13 miles from Manchester. The importance of reliable supply has never been more critical.

We have developed a reputation for producing quality backed goods with first class service support. A brand trusted by our customers, a brand with a long and rich history.

Its imperative to us that we develop a reliable but personalised service for our customers. This starts here with our **Welcome to Purity** brochure.

Purity by Richmond Furniture is our specialist brand for the Merchant and Independent Kitchen Market. The **Purity** brand is a range of high quality furniture built to

the most exacting standards. We have two exciting collections for your consideration: **Purity Xpress** and **Purity Portfolio**.

VICINO

OUR NEW CONCEPT

THE NEW NEAR HANDLELESS SOLUTION

Vicino works on the same design principals as our very successful True Handleless kitchen collection with one important difference: we use IN LINE HANDLES on all Tall Housings.

- On the **Wall Units**, we inset the bottom of the unit to allow you to open without the use of a handle.
- On the **Base Units**, we utilise our attractive rail system in Silver or Anthracite allowing you to open without the use of a handle.
- On the **Tall Housing Units**, we introduce our ultra low profile In Line handles in Silver or Anthracite.

Richmond Furniture - leading the way in innovation: future proof furniture for a changing world.

- A very cost effective near Handleless solution.
- Vicino is available in all our Purity Xpress ranges and colours.
- 11 ranges and 38 colours to choose from.
- Featuring our new Onyx cabinet interior.
- Unlike True Handleless, no need to create multiple designs: Vicino will work with any standard kitchen plan, even one that uses handles.

OUR BROCHURES

All great kitchens need great brochures and ours do not disappoint. Let our beautiful literature introduce you to our inspiring collections of impressive kitchens. Transform your kitchen, home and life with Purity by Richmond Furniture.

PURITY

BY RICHMOND FURNITURE

INTRODUCTION TO PURITY XPRESS

PURITY XPRESS DOOR COLLECTION

The quality kitchen at an unbeatable price, all on our guaranteed postcode delivery service. When you need a quick solution, Purity Xpress is the one to rely on.

Your Purity Xpress units come as standard with White or Onyx cabinets. Your visible cabinet ends are therefore White or Onyx. You can, of course, add our Frontal Matched or Colour Matched gable ends should you desire that the visible ends of your cabinet match your kitchen door. Alternatively, you can order our Frontal Matched or Colour Matched plant on panels. The guide below confirms which of our ranges are offered with Frontal Matched or Colour Matched gables and plant on panels.

FM **FRONTAL MATCHED** When we use the term 'Frontal Matched' gables or plant on panels, this explains that the gables (sides of your units) or plant on panels (which attach to the visible sides of the units) will be manufactured from the same materials as the kitchen door, creating a 100% match. Your plinth and fillers will also be 'Frontal Matched'.

CM **COLOUR MATCHED** When we use the term 'Colour Matched' gables or plant on panels, this explains that the gables (sides of your units) or plant on panels (which attach to the visible sides of the units) will NOT be manufactured from the same materials as the kitchen door, but in a substitute material. Usually, this will be a melamine faced chipboard that matches the colour of the fascia, but not the finish of the door. Your plinth and fillers will also be 'Colour Matched'. **Always** consult Richmond for samples to approve.

INTRODUCTION TO PURITY PORTFOLIO

PURITY PORTFOLIO DOOR COLLECTION

Looking for your dream kitchen? Then look no further. A huge range of kitchens and accessories to suit every taste and budget.

Your Purity Portfolio units comes in either SERIES | 3HREE in White, Oak or Onyx cabinets, or SERIES | 4OUR in White or Onyx as standard. Your visible cabinet ends are therefore White, Oak or Onyx. You can, of course, add our Frontal Matched or Colour Matched gable ends should you wish the visible ends of your cabinet to match the kitchen door. Alternatively, you can order our Frontal Matched or Colour Matched plant on panels. The guide below confirms which of our ranges are offered with Frontal Matched or Colour Matched gables and plant on panels.

FM **FRONTAL MATCHED** When we use the term 'Frontal Matched' gables or plant on panels, this explains that the gables (sides of your units) or plant on panels (which attach to the visible sides of the units) will be manufactured from the same materials as the kitchen door, creating a 100% match. Your plinth and fillers will also be 'Frontal Matched'.

CM **COLOUR MATCHED** When we use the term 'Colour Matched' gables or plant on panels, this explains that the gables (sides of your units) or plant on panels (which attach to the visible sides of the units) will NOT be manufactured from the same materials as the kitchen door, but in a substitute material. Usually, this will be a melamine-faced chipboard that matches the colour of the fascia, but not the finish of the door. Your plinth and fillers will also be 'Colour Matched'. **Always** consult Richmond for samples to approve.

However, should you discover a defect in any of our products within 5 years of the product being delivered to you, we will carry out an investigation and replace any defective components free of charge.

REQUIREMENTS

The furniture has been correctly designed, installed, and maintained and is located in the UK;

- 💧 The furniture has not been used on a commercial basis.
- 💧 Proof of purchase is retained for the lifetime of the guarantee.

This guarantee covers any replacement components, which are covered by the remaining period of the original guarantee only. A separate guarantee period is not created for the replacement products as a result of their supply to you.

We reserve the right to substitute materials of a similar type if the materials or components requiring replacement are not readily available or are discontinued.

Electrical goods, worktops, sinks and taps (plus any other product which a third party guarantee is provided) are covered by a separate product guarantee, provided by the manufacturer of these products.
